

## **Vandstrom Appoints Oliver Geschke as Vice President of Research and Development**

### **For Public Release**

**Gaithersburg, MD, September 12, 2022** – Vandstrom, a leader in the convergence of polymer and protein membrane technologies, announces the appointment Dr. Oliver Geschke as Vice president, Research and Development.

From CEO Imran Jaferey: "We are excited to have Olli join Vandstrom and lead our journey in protein and polymeric membrane development. He brings a wealth of experience in both corporate and academic development programs to drive innovation in the membrane space. He has a history of delivering tangible results through broad-based teams. His diverse background and unique technology perspectives will certainly help us as we move towards commercialization of pioneering membrane technologies."
